MOTORSPORT
PERFORMANCE

The world famous Rage Motorsport Buggies from England are now available in India through Rage Motorsport Performance.

British designed and produced Rage buggies have set the standards for build quality and engineering, combining advanced technology with the raw power and exhilarating handling of a buggy.

Some of the best names in the world of motorsport have experienced and loved Rage Motorsport buggies. The rugged range has excelled in competition, including the British Rallycross Championship, the legendary Dakar Rally, and is also used in motorsport's 'Race of Champions'. That same technology, reliability and build quality is ready for you now in India to experience off-road.

Rage Motorsport Performance brings you the Rage Cyclone to India. The Cyclone shares the same platform with our flagship model the Comet in England. The chassis and key components are imported from England. Built on the same durable space frame chassis and weighing just 540kg, the Rage Cyclone is fitted with a durable 70BHP Suzuki 1000cc engine with 90ft.lb of torque, a 4 wheel disc brake system with fly-off handbrake, CVT drive mated to a forward / reverse gearbox with a ATB differential, Race seats with a 4 point harness belt for safety, a 20-litre fuel tank and a radiator system tested in the heat of the infamous Dakar Rally. All of this adds up to an unforgettable quality motorsport experience.

CYCLONE

Race Steering Wheel and Multifunction Display

Race Seats with 4 Point Safety Harness

Intrax Racing Shock Absorbers

Heavy Duty Driveshafts

Aluminum Pedals

High Torque Engine

Front Bash Plates

Anti Vibration Engine Mounts

Twin Cooling Fans with Aluminium Radiator

Aluminum Engine Guard

Stainless Steel Race Exhaust

Front & Rear Independent
Twin A-arm Suspension

4 Wheel Disc Brakes

SPECIFICATIONS
